INDEPENDENT AUDITOR'S REPORT

I have audited the accompanying statement of financial position of Boys Hope Girls Hope of California, Inc. (a not-for-profit corporation) (the "Organization") as of June 30, 2014 and the related statements of activity, functional expenses and of cash flows for the fiscal year then ended. These financial statements are the responsibility of the Organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2014 and the changes in net assets and cash flows for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2014

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Contributions, including unconditional promises to give, are recorded as received and allowances are provided for contributions estimated to be uncollectible.

Property and Equipment

Property and equipment are stated at cost at date of acquisition or at fair value at date of gift. Depreciation is calculated using the straight-line method based on the following estimated useful lives: automobiles, 3 years; and furniture and equipment, 5 years. The cost of leasehold improvements is amortized generally over the term of the related lease.

The provisions of SFAS No. 121, *Accounting for the Impairment of Long-Lived Assets and Long-Lived Assets to Be Disposed Of*, requires that long-lived assets and certain identifiable intangibles be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the excess of the carrying amount of the assets over the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

Tax status

The Organization is a nonprofit tax-exempt organization under Section 501(c) 3 of the United States Internal Revenue Code; therefore, no tax provision has been recorded.
