INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statement of financial position of Mary's Shelter (a nonprofit organization) as of September 30, 2012 and the related statement of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of Mary's Shelter's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year partial comparative information has been derived from the financial statements of Mary's Shelter for the year ended September 30, 2011 and, in our report dated January 20, 2012, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mary's Shelter as of September 30, 2012, and the changes in its net assets, and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated March 18, 2013 on our consideration of Mary's Shelter's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

MARY'S SHELTER

NOTES TO FINANCIAL STATEMENTS

Year ended September 30, 2012

(1) **Summary of Significant Accounting Policies**

The preparation of these financial statements requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses, as well as contingent assets and liabilities. Actual results could differ from those estimates. Management also determines the accounting principles to be used in the preparation of financial statements. A description of significant accounting policies employed in the preparation of these financial statements are as follows:

Organization and Nature of Services – Mary's Shelter provides comprehensive residential care in a loving and supportive environment for pregnant and parenting minors who are homeless or in another crisis situation. The programs of the organization are designed to ensure the health of the young mothers and their babies, and to develop the responsibility and maturity of each resident.

Basis of Accounting – The financial statements of Mary's Shelter have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation – Mary's Shelter follows the financial statement presentation recommended by the Financial Accounting Standards Boards (FASB) in its Auditing Standards Codification (ASC) ASC 958-205, *Presentation of Financial Statements*. Under ASC 958-205, Mary's Shelter is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. As of September 30, 2012, Mary's Shelter has \$17,717 of temporarily restricted net assets and \$36,507 of permanently restricted net assets.

Cash and Cash Equivalents – For purposes of the Statement of Cash Flows, Mary's Shelter considers all unrestricted, highly liquid investments with a maturity of three months or less to be cash equivalents. Cash equivalents consist of various demand deposits.

Restricted Cash – Mary's Shelter receives some government funding from each resident's county to be used specifically for clothing for residents of the Shelter. As of September 30, 2012, the restricted cash amount was \$2,717. A separate account is maintained to track these funds.

(1) **Summary of Significant Accounting Policies, (Continued)**

Investments – Investments represent funds invested primarily in money market and mutual funds. In accordance with ASC 958-320, *Investments – Debt and Equity Securities*, the Shelter has reflected all investments in the accompanying financial statements at market value. Net appreciation (depreciation) in the fair value of investments, which consists of realized and unrealized gains or losses on these investments, is shown in the Statement of Activities as a component of investment income.

Fair Value Measurements - ASC 820-10, Fair Value Measurements establishes a framework for measuring fair value using generally accepted accounting principles, and expands disclosures related to fair value measurements. The Statement applies to other accounting pronouncements that require or permit fair value measurements. ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

- Level 1 – Observable inputs such as quoted prices in active markets for identical assets or liabilities
- Level 2 – Directly or indirectly observable input for quoted and other than quoted prices for identical or similar assets and liabilities in active or non-active markets
- Level 3 – Unobservable inputs not corroborated by market data, therefore requiring the entity to use the best information available in the circumstances, including the entity's own data

Donated Property and Equipment – Donated property and equipment are recorded as support at their estimated fair values at the date of the donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long these donated assets must be maintained, Mary's Shelter reports expirations of donor restrictions when the donated equipment or acquired assets are placed in service as instructed by the donor. Mary's Shelter reclassifies temporarily restricted net assets to unrestricted net assets at that time.

NOTES TO FINANCIAL STATEMENTS

(Continued)

(1) **Summary of Significant Accounting Policies, (Continued)**

Donated Property and Equipment (continued) – As of September 30, 2012, Mary's Shelter has no donor restricted property and equipment.

Income Taxes – Mary's Shelter is a tax-exempt organization ("other than a private foundation") under section 501(c)(3) of the Internal Revenue Code and is exempt from state franchise taxes under Section 23701(d) of the California Revenue and Taxation Code.

Donated Services – Donated services are reflected in the accompanying statements at their estimated market values at date of receipt. Contributions of services are recognized if the services received create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. See note 5 for further details.

Restricted and Unrestricted Revenue and Support – The organization follows ASC 958-605, *Revenue Recognition*. In accordance with ASC 958-605, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or the purpose for the restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Prior Year Data – Selected information regarding the prior year has been included in the accompanying financial statements. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with Mary's Shelter's prior year financial statements, from which this selected financial data was derived.

NOTES TO FINANCIAL STATEMENTS

(Continued)

(1) **Summary of Significant Accounting Policies, (Continued)**

Revenue Recognition and Concentration of Revenues – Mary's Shelter received approximately 65% of its total support and revenue from government funding for the year ended September 30, 2012. Revenue from government grants are recognized as exchange transactions and are recorded when earned. Amounts received in advance are reflected as deferred revenue.

Expense Allocation – The costs of providing the program and other activities have been summarized on a functional basis in the "Statement of Activities" and in the "Statement of Functional Expenses". Accordingly, certain costs have been allocated among the program and supporting services benefited.

Accrued Paid Time Off (PTO) – Accrued employee paid time off (PTO) payable represents vacation, sick and personal time earned by Mary's Shelter employees which has not yet been taken. Employees may accrue and accumulate PTO up to a maximum of fifteen (15) days. As of September 30, 2012, the amount of accrued PTO benefits was \$24,314.

Endowment Funds – In August 2008 the FASB issued FASB Staff Position (FSP) No. 117-1, Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), and Enhanced Disclosures for All Endowment Funds. FSP No. 117-1 improves disclosures about an organization's endowment funds (whether the organization is subject to the Uniform Management of Institutional Funds Act ("UMIFA"), or its replacement legislation, UPMIFA. The State of California enacted UPMIFA effective January 1, 2009.

To build the Endowment Fund and encourage supporters to include Mary's Shelter in their estate plans, a 'Guardian Angel' designation was created. As of the end of the 2012 fiscal year, twelve Guardian Angels were identified. Current gifts have been received from two of them, while the other ten named Mary's Shelter in their wills, trusts, or as beneficiaries of insurance policies. Mary's Shelter has not recorded these wills, trusts, and life insurance policies in the financial statements because the legal documents are not irrevocable. Guardian Angel gifts do not include those directed to the Endowment Fund by the Board of Directors.

(3) Investments, (Continued)

Investment income is comprised of the following at September 30, 2012:

Interest and dividend income	\$ 9,063
Realized gains (losses)	(2,251)
Unrealized gains (losses)	<u>45,027</u>
Total	<u>\$51,839</u>

Fair values of assets measured on a recurring basis at September 30, 2012:

	<u>Fair Value</u>	<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Mutual funds	\$ 241,649	241,649	-	-

Total	<u>\$ 448,895</u>	<u>283,550</u>	<u>165,345</u>	<u>-</u>

Financial assets valued using level 1 inputs are based on unadjusted quoted market prices within active markets. Mutual funds and common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The common fund is reported at Net Asset Value (NAV), therefore classifying the investment as level 2. The fund value equals the accumulated cash contributions, distributions, gains or losses and interest credited to the fund.

Mary's Shelter has adopted a tax deferred annuity plan under Section 403(b) of the Internal Revenue Code whereby employees may elect to defer a portion of their compensation to be invested in annuity contracts on their behalf. The amount of contributions made by Mary's Shelter, if any, is at the sole discretion of Mary's Shelter. As of September 20, 2012, Mary's Shelter has not made any contributions.

(11) Contingencies

Financial assistance from state and local governmental entities in the form of grants are subject to special audit. Such audits could result in claims against Mary's Shelter for disallowed costs or noncompliance with grantor restrictions. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, cannot be determined at this date.

(12) Endowment Funds

Mary's Shelter has interpreted the California Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds and the maintenance of the original purchasing power of donor-directed gifts and board-directed contributions over time, while safeguarding funds during market fluctuations and providing stability and liquidity for annual distributions. As a result of this interpretation, donor-directed gifts are classified as permanently restricted net assets; however restrictions on the use of permanently endowed funds are not accepted. Board-directed contributions are classified as unrestricted net assets as there is a provision for invasion of the principal of these funds by the Mary's Shelter Board of Directors under specified conditions, when also approved by the Orange County Community Fund Board of Governors. According to Shelter policy, distributions of earnings may only be taken from the Endowment Fund after it reaches \$1 million, and distributions may only be used for operating expenses. Any distributable amount from earnings, as determined by the OCCF, will be classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Shelter in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Shelter considers the following factors in determining whether to appropriate or accumulate available endowment funds:

- (1) Fund duration, balance and preservation of the fund
- (2) The needs of the Shelter to accomplish its core mission
- (3) General economic conditions
- (4) The possible impact of inflation and deflation on the fund
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Shelter
- (7) The investment policies of the Shelter

Return Objectives and Risk Parameters

The Mary's Shelter Board of Directors holds the Mary's Shelter Endowment Fund in the Orange County Community Foundation, to be managed pursuant to the investment policy adopted by the Board. The goal is to create conservative long-term growth of the Endowment Fund corpus to maintain purchasing power over time, while safeguarding funds during market fluctuations and providing stable income and liquidity for annual distributions. The policy further directs conservative risk tolerance to preserve and grow the Endowment Fund over time and social screens/mission based investing where possible.

(13) Subsequent events

Management has evaluated subsequent events through March 18, 2013 (the date the financial statements were available to be issued). Management believes no events have occurred subsequent to the statement of financial position date and through March 18, 2013 that would require adjustment to or disclosure in Mary's Shelter's financial statements.
